

"The Standard of Measurement"

20 May 2013

Authorization Letter:

This letter serves to give authorization to SC PRIORITY MULTISERV SRL to present flow meters from Total Control Systems (TCS), for official evaluation of Module B+F, per the Measuring Instruments Directive 2004/22/CEE for placing the measuring system into service.

The notified body must be certified for this type of liquid.

The installation and preparation of the equipment must be done based on Total Control Systems' documentation and in accordance with the latest version of Total Control Systems' European Type Approval.

For the Manufacturer,

A handwritten signature in black ink, appearing to read "Paul J. Glowacki", is written over a horizontal line.
